Under the gender equity initiatives, the college organised A workshop on "Sexual Harassment at Workplace" to make aware the staff of the nature of sexual harassment in the workplace. All the staff of the institution participated in the workshop. The speakers of the programme explained various forms of sexual harassment and distinguished between good touch/words and bad touch/words. Through this workshop, courage was instilled among the women staff and trained them to stand against any untoward incident.

The institution adopted the mechanism not to tolerate the outrage of the modesty of women at any cost. The institution believes in the egalitarian principle and has been working to establish it among all the stakeholders.

At the end of the programme, there was the question-answering session, our teaching and non-teaching lady staff asked various questions and which were answered by the speakers of the programme
