BPMD VASAI

BPM-Discipline India Support Services Pvt. Ltd. had recently conducted an aptitude test on 28th March 2023, for students from Vartak College, who are pursuing BSC in Computer Science and Information Technology and are in the final year of their course. The purpose of the test was to shortlist candidates for a job role in our organization as Business/Technical Analyst.

The test was designed to evaluate the students' aptitude and suitability for the role, which required strong analytical and problem-solving & programming skills. This was conducted by a team of experienced professionals, who have extensive experience in the field of business process management.

We are happy to inform you that after a thorough evaluation, we have shortlisted three candidates who we believe have the potential to excel in this role at our organization, for a one-on-one interview.

We would like to take this opportunity to thank all the students who participated in the test, and we appreciate their interest in our organisation. Big thank you to Mrs. Srimathi Narayan for coordinating and helping us out with setting up the event.

We encourage the students to keep up the good work and wish them success in their future endeavours.

Thank you for your time, and we look forward to your continued support.

Best regards
