Gender Sensitization Action Plan

Introduction:

Our college aims to develop professional skills as well as human values among the students. We concentrate on the fact that both men and women should provide equal opportunities on the college campus. Values of equality, brotherhood, and sisterhood should develop among the students. Women's empowerment and gender equality are one of the primary objectives of our college. We usually make a practice to bring a positive change in the attitude and support equality among genders within the college and in our outreach. We promote women's education and empowerment. By empowering all staff, the college can better achieve its aim of creating innovative and entrepreneurial professionals. We provide inclusive workplace cultures, where all employees are valued and included, resulting in a more engaged, motivated, and productive workforce. By establishing gender equality promotion as an objective for the college, we would support the government's efforts towards women empowerment and upliftment, both for the
