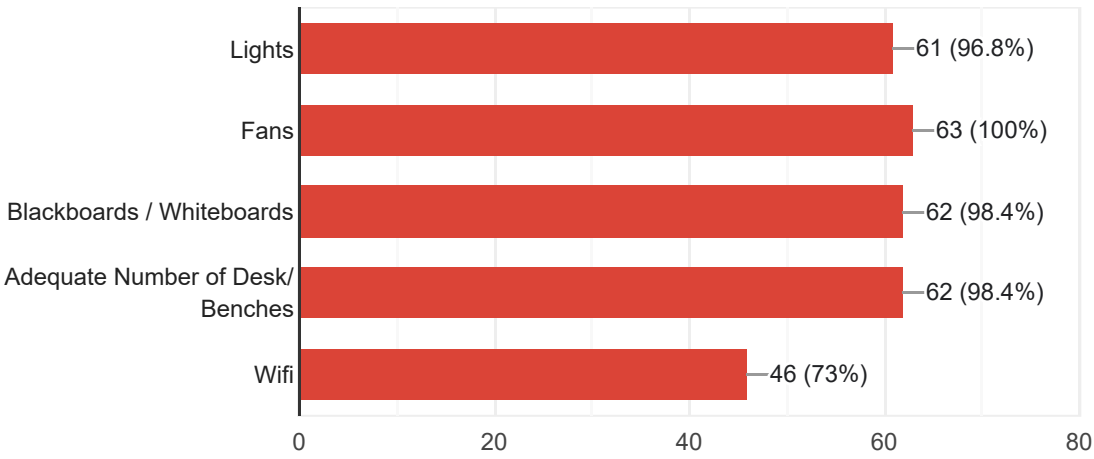
Do the classrooms have the following basic amenities to make teaching comfortable?

Copy

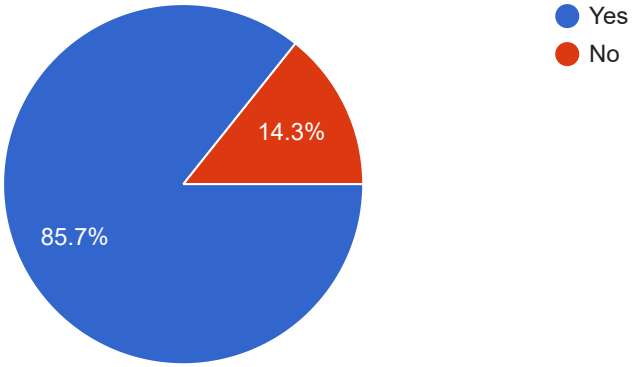
63 responses



Do you use teaching aid materials in the classrooms?

Copy

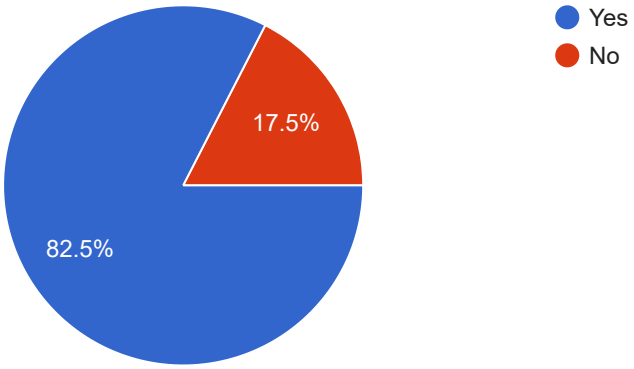
63 responses



Do you use Information and Communication Technology (ICT)Tools in the Teaching Learning process?

Copy

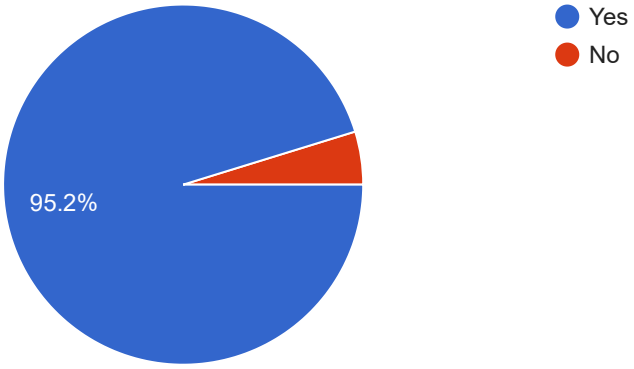
63 responses



Are the suggestions given by you regarding improving Teaching Learning process, always welcomed by the Principal?

Copy

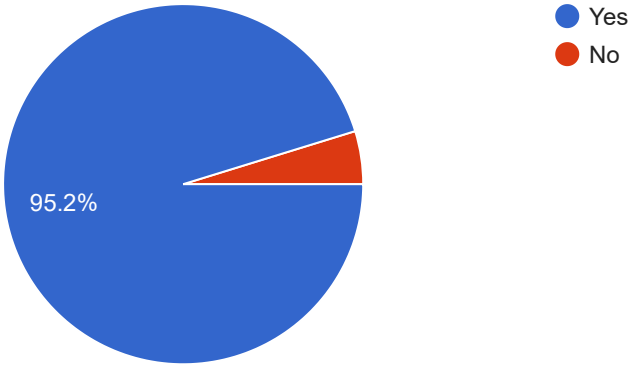
63 responses



Do you think that the courses/syllabi that you teach, help to improve the overall personality of the students?

Copy

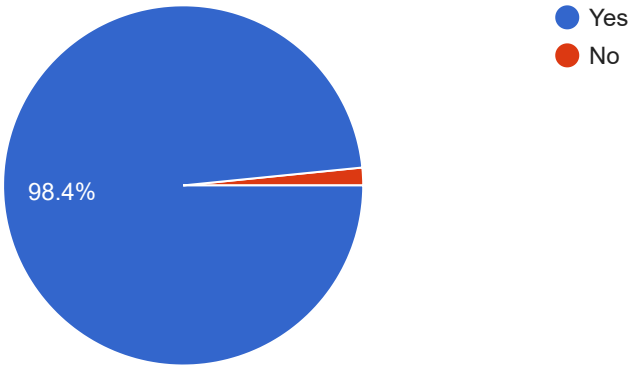
63 responses



Do you think that the syllabi and the subject/s you teach, make the students employable?

Copy

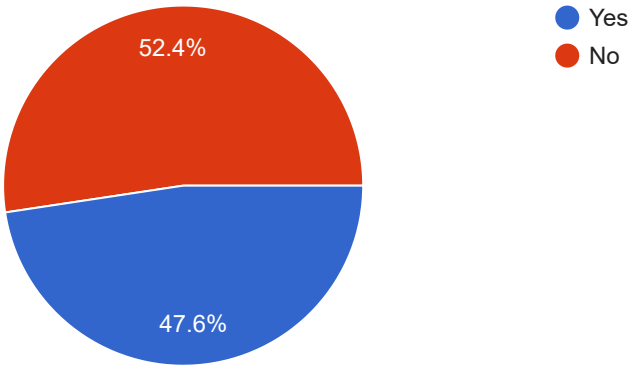
63 responses



Do you think that the syllabi that you teach need to be changed?

Copy

63 responses



What are the other elements that you think need to be incorporated in the syllabi that you teach ?

63 responses

Nil

Skills of computer & communication

Proper distribution of subjects through out the years

Current topics related to the topics

Cross cultural differences, practical applications of theories

I think the syllabi for English literature is complete in itself.

Add new topics on Applied Chemistry

-

Need practicals on field like collection of plant samples

No such elements in the current syllabus

Practical knowledge for the students is needed to be increased

Share Market , Trading

Theoretical subjects should be removed from ty syllabus.

Latest technologies in the market

Case studies

None

NIL

Assignment/ projects must be compulsory.

10 percentage syllabus should be project based on community problem solving .

Industry tie up

Industry tieup

More Technical aspects needed

Working on small live projects

Practical experiences related to syllabus, current affairs and minor research work

More of Organic and Inorganic Chemistry needs to be added in first and second year Biotechnology syllabus

Social awareness, contribution towards environment to words our mother earth

Syllabus should be updated as per the changing environmental aspect and have to conduct practical sessions more than theory

White Board

Current affairs

NA

Practical knowledge should be more rather than theoretical

None

Grammar should be added in Communication Skills in English paper

Higher programming language in TYBCom rather than VB

Industrial applications can be incorporated

Relevant experiences and current challenges and scope in rural development

Project work

Need to application based

Need to add application based units.

Syllabi should be application based

Needs to take application of your topics

Minor Research Project

The syllabi should be practical oriented

To develop the writing and communication skill, the syllabus need to incorporate report writing, presentation of report etc.

Skill enhancement course

Practical work in accounting software

Application based contents

Need more practical information

Students should get the opportunity to work and learn through projects.

Syllabus must be application oriented. So that so student can used of it in our daily life.

More case studies in economics

1. Hands on Skillls related elements, 2. Job oriented courses

Involvement of filed work experience.

Medical field topic

No

Chemistry remains same

How would you rate maintenance of the infrastructure of the college?

Please give your valuable suggestions, if any.

29 responses

Nil

NIL

-

No suggestions

Discipline, cleaning, maintenance And repairing are some of the areas that need some improvement.

Platforms in the classroom need improvement, need to have a screen in the classroom and lights, fans should be regulated by multiple switches rather than by a common switch for all.

If there could be smart boards in classrooms it'd good. If not, traditional blackboards could be replaced by whiteboards.

Permanently fixed ICT instruments and tools in classes rooms & Laboratories.

NIL

old building girls washrooms should be maintained , too much dirty

We have to collaborations with some industry and some bank for our student their internal ship and also have to do some job fair and preparation for interviews and also some knowledgeable affairs to our students

N.A.

Collage should have collaboration with industries.

Excellent

Every teacher should go in the depth of the subject, so that student will enjoy that subject

Some classrooms with projectors
Smart Classroom

Everything is good.

Need to have interaction session with parrents and students.
