Vision and Mission

1. Girls' Education: The mission is to prioritize and promote girls' education as a fundamental right. The Trust aims to provide equal opportunities for girls to access quality education, breaking societal barriers and empowering them to reach their full potential.

2. Affordable Education: The mission is to provide affordable education that is accessible to all girls, regardless of their socio-economic backgrounds. The Trust will implement strategies to reduce financial barriers, including scholarships, grants, and partnerships with stakeholders who share the vision of affordable education.

3. Inclusive Environment: The mission is to create an inclusive educational environment that respects diversity, promotes gender equality, and supports the holistic development of students. The Trust will implement policies and initiatives to ensure a safe and nurturing space that celebrates individuality and encourages students to express themselves freely.

4. Employability Skills Development: The mission is to develop employability skills among students in the tribal region. The Trust will provide opportunities for skill-building, vocational training, and practical exposure to industry-relevant experiences. It aims to equip students with the necessary skills, including communication, teamwork, problem-solving, and digital literacy, to enhance their employability prospects.

5. Holistic Development: The mission would aim to foster the holistic development of students, focusing not only on academic excellence but also on emotional, social, and physical well-being. Education institutions would strive to create a safe and supportive environment that nurtures the overall growth of especially girls students, encouraging them to develop their unique talents and abilities.

6. Access to Technology and Resources: The vision would strive to bridge the digital divide by providing access to technology and digital resources in tribal districts. Education institutions would equip students and teachers with the necessary tools and connectivity to enhance learning experiences and expand opportunities for knowledge acquisition and skill development.

7. Outcome-Based Education: The mission is to provide outcome-based education focusing on practical skills, critical thinking, and holistic development. The Trust aims to go beyond traditional rote learning and emphasizes competencies that enhance employability, decision-making, creativity, and problem-solving. Education is evolving rapidly and educational institutions must adapt to the changing needs and demands of the 21st century learners. Vidyardhini mission is to offer Outcome-Based Education, a student-centric approach to education that focuses on clearly defining the desired learning outcomes and aligning instructional practices to achieve those outcomes. This shift from a traditional teaching-centered approach to a learner-centered approach is fundamental to preparing students for the complexities and challenges of the modern world.

8. Alignment with New Education Policy: The mission is to align the educational programs with the principles and goals outlined in the New Education Policy. The Trust will incorporate learner-centric teaching approaches, multidisciplinary and holistic education, and continuous assessment systems to promote the all-around development of students' intellect, character, and employability.

By envisioning and implementing these goals, Vidhyavardhini Educational Trust aims to provide affordable and outcome-based education, ensuring they receive a quality education, and enabling them to become empowered individuals capable of transforming their own lives and communities. The Trust is committed to creating a society where all girls have equal access to education and are equipped with the skills to excel in a rapidly changing world.
